1. Is it possible that we hold some of the same views as those false teachers without realizing it?
2. The time share illustration was an excellent example of pressure and being deceived. Have you encounter a similar situation? How did it make you feel when it was all over?
3. Where is Satan tempting you or trying to deceive you in your life today, not through "fake news" but through "fake" or false teaching?
4. What is freedom of Christ and what exactly did Paul mean by it - is it the same as writing a blank check for our actions with God's plan of grace and mercy through the cross?
5. The second heresy Peter was addressing is the lie that there area no judgement. Is this still a lie that is told today? What does this lie sound like in 21st century language.
